550i

**The Ultimate
Driving Machine®**

The aesthetic power
of intelligent design.

A bold step in a new direction.

Lasting value from a timeless classic.

Absolute comfort. Precise control.

Primary gauges are recessed under a cowl, and designed for glare-free vision during the day. At night, the gauges glow in a color that is restful on the eyes.

The iDrive Controller, which is conveniently located on the center console, allows you and your passenger to access and tailor many comfort features.

An interior as sleek and compelling as the exterior.

The road is dry, so most of the power is sent to the rear axle for good traction and that typical BMW driving feel.

xDrive detects snow under the rear tires. For optimal traction, the clutch plate transfers more power to the front wheels.

The front tires drive over slippery leaves. In split seconds, the clutch plate opens, sending all available power to the rear axle.

The road is covered in water. As all the wheels reach the wet asphalt, xDrive, sensing wheelspin, sends sufficient traction to appropriate wheels to help maintain stability.

Snow. Rain. Wet leaves. Gravel.

xDrive gives you the power to master virtually anything the road throws at you.

BMW's intelligent xDrive all-wheel drive system¹ takes all-road traction to new heights, while maintaining the 5 Series' legendary agility. On smooth, dry roads, the 525xi and 530xi have the feel of their rear-wheel drive stablemates. But hit a wet uphill curve for instance, and even before wheelspin can occur, the xDrive system immediately recognizes any need for a change in power distribution. Almost instantaneously, xDrive can send more torque to the front axle in order to enhance stability. Should one wheel on an axle spin faster than the other, the brakes can be applied individually, as needed, to bring all wheels back in sync. At any given moment, xDrive is working hard, shifting drive power, reducing over- or understeer, enhancing agility, and providing the best possible traction.

¹xDrive is standard and exclusive in 525xi and 530xi.

Equipment | Standard

■ / □ **Xenon Adaptive Headlights** provide brilliant clarity of the road ahead and to the side at night and in conditions with poor visibility. The dynamic auto-leveling feature adjusts for varying passenger and cargo loads, helping to keep headlight glare out of the eyes of oncoming drivers. BMW Adaptive Headlights provide optimum road illumination around corners, thanks to an electro-mechanical control system that directs the headlights into and through the bend as soon as the vehicle begins cornering. (std. 530i/xi and 550i; opt. on 525i/xi)

■ **Halogen free-form foglights**, integrated into the deep front spoiler, enhance your margin of safety in bad visibility. Ellipsoid free-form technology ensures even light distribution on the road.

■ **Power-adjustable heated side-view mirrors** are blue-tinted; the back side matches the body color.

■ **BMW Assist™ Services¹** include Automatic Collision Notification, Emergency Request, enhanced Roadside Assistance, manual and automatic Service Request, as well as Bluetooth® hands-free calling. Also available are directions, traffic and weather information, plus concierge and stolen vehicle recovery services.

¹See your authorized BMW center for further details concerning services and subscription required.

Equipment | Standard

■ **17 x 7.5 Double Spoke (Styling 116) cast alloy wheels and 225/50R-17 all-season tires.** (std. 550i; spare is a space-saver wheel and tire)

■ **17 x 7.5 Star Spoke (Styling 138) cast alloy wheels and 225/50R-17 all-season tires.** (std. 525i/xi and 530i/xi; spare is a space-saver wheel and tire)

■ **Engine start/stop button** is a convenient method to control the engine. Simply insert the electronic identification fob into the starter switch slot and press the start button. Pressing the button while the engine is running will stop the engine.

■ Easy-to-read **Information Display** with precise, dazzle-free analog indicators. Data, such as trip mileage counter, can be checked using LCD displays on the instrument panel.

■ **3-spoke leather-wrapped multi-function steering wheel** lets you keep both hands on the wheel while adjusting various comfort functions, such as changing the radio, CD selections and volume. Optional Voice Control (included with optional on-board navigation system) can be used to change radio stations and audio selection, navigation system destinations, and (accessory) telephone entries.

¹ Leatherette: Standard in 525i/xi, 530i/xi.

² Dakota Leather: Standard in 550i; optional in 525i/xi, 530i/xi and included in Premium Package.

³ Upholstery and Interior color: Beige Leather or Beige Leatherette Upholstery comes with Beige Interior Color.

Black Leather or Black Leatherette Upholstery comes with Black Interior Color. Auburn Leather Upholstery comes with Black Interior Color, which includes a Black/Auburn color combination on the door panels.

Gray Leather Upholstery comes with Gray Interior Color.

⁴ All exterior paint colors are standard on all models.

⁵ Dark Poplar Grain Wood: Standard in all models.

⁶ Anthracite Maple Wood: No-cost option in all models.

Here are your exterior and interior color choices. Review the color swatches to compare various combinations indicated in the chart. Since exterior paint samples and colors printed on paper can never perfectly match paint finishes and upholstery, we suggest you visit your local authorized BMW center to view the actual colors.

¹³ Please visit your authorized BMW center for details on equipment and services requirements.

¹⁴ Full Maintenance Program covers all factory-recommended maintenance, as determined by the Service Interval Indicator for 4 years or 50,000 miles, whichever comes first. Full Maintenance Program includes items that need replacement due to normal wear and tear, provided wear and tear exceeds BMW specifications. This includes items such as brake pads, brake rotors and wiper blades that are not covered by the original New Vehicle Limited Warranty. Any adjustments required due to normal operating conditions are also included. For exclusions and limitations, refer to the Service and Warranty Information booklet that came with your new BMW, or see your authorized BMW center for details.

¹⁵ Spare is a space-saver wheel and tire. Due to low-profile tires, please note: wheels, tires and suspension parts are more susceptible to road hazard and consequential damages. Performance tires not recommended for driving in ice and snow.

¹⁶ Requires Sport Package.
